

Peace At Last

Rick Wakeman

Now love, sweet love, Ooh now that love has won
Ooh now that love has won
Now love, our love, how love has ended war
He'll torture man no more
Your words give meaning to my song
How love created harmony with faith we'll gather universe through infinity
Last at last I'll live in peace at last,
Forgiven for my past peace at last
Ooh at last at last I'll live in peace at last forgiven for my past
Peace at last, at last, at last
Ooh I live in peace at last forgiven for my past, Peace at last
.
At last, Ooh at last I'm gonna live in peace at last forgiven for my past..peace at last
At last, I'm gonna live in peace at last, forgiven for my past peace at last.
