

Silent Nights

Rick Wakeman

They are waiting here for him to appear
But he won't come home tonight
Maybe if they'd loved him more, maybe

He is floating down, floating
Looking at the people left behind
Maybe if he'd loved them more, maybe

Don't you know we're looking for life
Don't you know we're looking for life
Don't you know we're looking for life
Don't you know there's meaning to life

Silent nights
Stay away
Don't come back another day
Silent nights
Stay away
Don't come back another day
