

# Stay With Me

Rick Wakeman

Stay with me  
Night and day  
Stay with me  
Hear me pray  
And when I need you, stand by my side  
You have my life in Your hands,  
All my dreams and future plans  
Stay with me  
(Show me my life  
Your life everlasting  
Saving my life  
Be there as my new world is starting, And stay,  
Stay)  
Stay with me  
Be my guide  
Stay with me  
By my side  
And if you need me, I will be there,  
Always to serve You  
Deep from my heart  
Full of love  
Full of hope  
And to worship all of You  
(Deep from my heart  
Full of love  
Full of hope)  
I am never alone  
Darkness, never a fear  
(And when I cry)  
I hear Your name  
(I hear Your voice)  
I feel your pain  
(So stay with me)  
And I will always be with you  
(Amen)  
And know there is a prayer for me  
(Amen)  
And should I wander from the path  
Stay with me  
(Amen)  
Pray for peace  
You and me  
Help the world to be free  
And with that freedom showing the way  
A new found Heaven on earth,  
Full of richness, Full of worth  
Here to stay  
(Show me my life  
Your life everlasting  
Saving my life  
Be there as my new world is starting and stay)  
Stay with me  
Night and day  
Stay with me  
Hear me pray  
And if you need me  
I will be there

Always to serve you  
Deep from my heart  
Full of love  
Full of hope  
And with new found eyes that see  
(Deep from my heart  
Full of love  
Full of hope)  
Deep from my heart  
Full of love  
Full of hope  
And to know You'll stay with me  
(And to know You'll stay with me).
