

Bombshell

Ricki-Lee

When you come around, we'll slow it down
It feels so right (and we got all night)
It's just you and me, on the floor,
Up against the wall (whatever you like)

You're all I want, so magical
And it keeps getting better and better and better
I like it when you can't get enough

Cause baby you make me feel like a bombshell
Oooohhh, I've got you under my spell
You've got me feeling like I'm larger than life
I'm in love, feel alive, so baby turn on the lights
Oooohhh, cause I feel like a bombshell

It's the way you love, and pull me close
And hold me tight (it feels so good)
And the way you smile gets me every time
And I don't know why (but I know that it should)

Extravagant and glamorous, oh so fabulous
It feels like I'm living a dream
I love it when you can't get enough

Cause baby you make me feel like a bombshell
Oooohhh, I've got you under my spell
You've got me feeling like I'm larger than life
I'm in love, feel alive, so baby turn on the lights
Oooohhh, cause I feel like a bombshell

Oh I love-love-love when you can't get enough
Of my love-love-love whoa
I can go-go-go til you overflow
Keep you coming back for more, baby

You make me feel like a bombshell
Oooohhh, I've got you under my spell
You've got me feeling like I'm larger than life
I'm in love, feel alive, so baby turn on the lights
Oooohhh, cause I feel like a bombshell

You've got me feeling like I'm larger than life
I'm in love, feel alive, so baby turn on the lights
Oooohhh, cause I feel like a bombshell
You make me feel like a bombshell

You've got me feeling like I'm larger than life
I'm in love, feel alive, so baby turn on the lights
Oooohhh, cause I feel like a bombshell
