

# Come & Get In Trouble With Me

Ricki-Lee

Running all the red lights  
Skinny-dip at sunrise  
Racing to the finish line  
Tonight, tonight, tonight

We're dancing in the starlight  
Swimming in the moonlight  
Oh yeah, we have a good life  
Tonight, tonight, tonight

[Chorus]  
Oh, baby  
This love has got me over the moon  
Oh, baby  
Every little thing that you do

Karaoke bar fights  
Milkshakes, burgers and fries  
Making out all night  
Tonight, tonight, tonight

I'm drinking in the goodbyes  
Getting lost in your eyes  
Spinning in the black light  
Tonight, tonight, tonight

[Chorus]  
Oh, baby  
This love has got me over the moon  
Oh, baby  
Every little thing that you do

Gets me so hot, burn it up, I don't give a fuck  
Wanna take it off and dance in the street  
So, baby  
Come and get in trouble with me  
Come and get in trouble with me

[Chorus]  
Oh, baby  
This love has got me over the moon  
Oh, baby  
Every little thing that you do

Gets me so hot, burn it up, I don't give a fuck  
Wanna take it off and dance in the street  
So, baby  
Come and get in trouble with me  
Come and get in trouble with me
