

# Circle In The Sand

Rickie Lee Jones

The sun's goin' down  
I'm goin back to my cave  
I've got no one to meet  
No one to save

I like the music  
In my head  
I think I'll go away  
For her instead, yeah

I draw a circle in the sand  
Draw a circle in the sand  
Draw a circle in the...yeah

Soft sweet devil lights my way...yeah

It's time to go home  
Rise like an animal balloon  
Peers over Jerusalem  
I can't fall too soon

And the angels picked me up  
And called my name  
She's sweet charity  
But peace is power, and money, and fame

Well I draw a circle in the sand  
Draw a circle in the sand  
I draw a circle in the...yeah

Soft sweet devil to light my way  
Oh a soft sweet devil to light my way

It's time to move on, to dream the dreams of the hungry  
To cast a spell to the homeless, barefoot and poor  
Where nobody bothers you, your anybody's friend  
Draw a circle in the sand, everybody wants sand
