Freak of Nature

Ricky Martin

Chica was a chica from Miami She was chic but cute Never tell if she's girl or a boy She was working runways up at fashion week And we couldn't see what party was the best of the boys

Tell the brother, good old days When you could dance the night away Someone give me a time machine So I can live just for today

And you gotta have fun, fun, fun with the sunshine You gotta take time, time, time for the moonlight You gotta make love, love, love with your whole life Just like it was the first time of the last time, forever Muevelo! Spin around like a freak of nature Subelo! Take a walk in the wild side Gozalo! Quierelo like a freak of nature Subelo, subelo, subelo...
