

Are You Really Real?

Ricky Nelson

Are you really real'
Do you feel the same thing
That I do girl when I touch you girl'

Am I just a fool to think
That you could ever love me
Like I love you, I really do'

I walk in the room, I speak to you
And tell you that I love you girl
It's a lonely world

Please don't walk away
There's so much I meant to say
Thought you'd like to know
I love you so

Are you really mine?
Am I just someone for you
To pass the time away
Just another day'

Are you really real?
Do you feel the same thing
That I do girl when I touch you girl'
