

## Are You Really Real?

Ricky Nelson

Are you really real'  
Do you feel the same thing  
That I do girl when I touch you girl'

Am I just a fool to think  
That you could ever love me  
Like I love you, I really do'

I walk in the room, I speak to you  
And tell you that I love you girl  
It's a lonely world

Please don't walk away  
There's so much I meant to say  
Thought you'd like to know  
I love you so

Are you really mine?  
Am I just someone for you  
To pass the time away  
Just another day'

Are you really real?  
Do you feel the same thing  
That I do girl when I touch you girl'
