

## I Rise, I Fall

Ricky Nelson

I rise, I fall with each little thing you do  
You hurt, I hurt, I'm that much a part of you  
And when you're happy, baby well I'm happy too  
Since I'm that much... a part of you

I rise, I fall with each little breath you take  
You cry, I cry, 'cause I feel the same heartache  
And when you're smilin' baby, I smile too  
Since I'm that much a part of you

Your lips are my lips My heart is your heart  
Never let us be further than Just a breath apart

I rise, I fall with each little thing you do  
You hurt, I hurt, I'm that much a part of you  
Everything that you feel, baby, I feel it too  
Since I'm that much a part of you

Everything that you feel, baby, I feel it too  
Since I'm that much a part of you  
A part of you  
A part of you  
A part of you
