

# My Woman

Ricky Nelson

I got a woman here, she want's time to live  
I got a woman here, she just want's to give  
So if you got things on your mind, tell her right away  
Give her time, I think you'll find  
She'll turn your nighttime into day

La da  
La da da da da da da da da da da

But if you take her to your heart, move her close to you  
And don't tell her any lies, she won't see you through

I got a woman here, tryin' hard to please  
She can take you anywhere, anywhere you wanna be  
And when you think she isn't there, she'll turn around to you a  
nd say  
Stay a while, I like your style, you get better everyday
