

## So Long

Ricky Nelson

It's been so long, so very long  
I wonder what did I do wrong  
I've been so sad and blue  
Since you said "Baby, we're all through"

If you leave me in this mood  
I fear I'm bound to come unglued  
Oh to hold you in my arms again  
I'll be so lonely untill then

Well maybe I've been a bad boy baby  
Yes and I've told my share of lies  
But baby please forgive me  
'Cause it's so hard to realise

You may be gone, never to return  
Oh what a bitter lesson to learn  
There's only one thing left to do  
Baby say so long to you  
Baby say so long to you  
So long
