

Just The Two Of Us

Ricky Skaggs

Hand in hand woman and man
We'll be together now and forever
Side by side till the end of time
Without any fuss just the two of us.

Just the two of us sharing our hearts
Nothin' in this world gonna tear us apart
Everyday falling deeper in love just the two of us
Just the two of us.

Winds may blow hearts grow cold
But we won't give up just the two of us
Storms might come and try to make it rough
But we won't budge just the two of us.

Just the two of us sharing our hearts
Nothin' in this world gonna tear us apart
Everyday falling deeper in love just the two of us
Just the two of us.

Just the two of us sharing our hearts
Nothin' in this world gonna tear us apart
Everyday falling deeper in love just the two of us
Just the two of us.

Just the two of us.
Just the two of us..
