

## Lonesome For You

Ricky Skaggs

I can't say a train whistle makes me lonesome  
I can't say a whippoorwill makes me blue  
It takes more than the sound of a Grayhound leavin' town  
To break this poor boys heart in two  
I can't say them old sad songs on the jukebox  
Are causin' me to cry these bitter tears  
The only time they do is when I get the blues  
Or when I'm feeling lonesome for you  
And I'm lonesome for you little darling  
More lonesome than the high winds in the pines  
I don't want somebody else taking care of  
What used to be mine  
There's an old hounddog on the hill behind the house  
He sit up sharp and howlin' at the moon  
I can tell by his whinin' that his heart been broken too  
He's lonesome like I'm lonesome for you  
And I'm lonesome for you little darling...  
I can't say train the wistle makes me lonesome  
I can't say whippoorwill makes me blue  
The only time they do is when I get the blues  
Or when I'm feeling lonesome for you  
Yeah the only time they do is when I get the blues  
Or when I'm feelin' lonesome for you
