

Patiently Waiting

Ricky Skaggs

Tonight my heart's with you wherever you are
As I read your love letters again
How sweet are the mem'ries I hold in my hand
Pretty pictures of our love back then.

Patiently waiting how long has it been
Since you said you'd forever be true
Sweetheart I start counting the days turned to years
Still I'm patiently waiting for you.

And the arms now that hold you should ever grow cold
And you long for the love we once knew
Just remember sweet darling I'm spending my time
I'm still patiently waiting for you.

Patiently waiting how long has it been
Since you said you'd forever be true
Sweetheart I start counting the days turned to years
Still I'm patiently waiting for you.

I'm still patiently waiting for you
