

# When Life Hits Hard

Ricky Skaggs

Life is a mountain of a journey  
With rivers to cross at every turn  
It's always something or too much of nothing  
But if there's one thing I've learned

When life hits hard you gotta hit a little harder bear that heavy load  
It's all gonna get a lot better farther along the road  
Lord knows when you're down so down you gotta dig a little deeper  
Keep reaching for the sky

And when life hits hard there's bound to be a reason why  
Everyone's searching for the answer  
When maybe this only thing to do  
Is cherish the good times and hold on through the bad times

Trustin' that time will deliver you  
And when life hits hard  
In this one way we're all alike  
We share a strong will to survive

And when life hits hard  
And when life hits hard there's bound to be a reason why  
When life hits hard
