

# Favorite Girl

Rico Love

I forgot to ask you your name,  
It must have slipped my mind,  
I was daydreaming about your eyes!  
...to explain and so hard to describe  
I be honored if you were mine!

Baby you would never hunger for a day,  
I would give everything that's in your dreams,  
That's in your dreams!  
You couldn't imagine,  
All the nights are filled with passion  
Oh, you could be my favorite girl!  
My favorite girl, my favorite girl!  
Favorite girl!  
Just name a place that I can take you girl!  
We could do what you wanna,  
I'm gonna show you the world!

And you will never have to complain,  
Just tell me what's on your mind  
And I'll give you what you deserve!  
You could have fortune and fame,  
But I rather give you my time  
And I'll love you!  
Girl that's so worthy!

Baby you would never hunger for a day,  
I would give everything that's in your dreams,  
That's in your dreams!  
You couldn't imagine,  
All the nights are filled with passion  
Oh, you could be my favorite girl!  
My favorite girl, my favorite girl!  
Favorite girl!  
Just name a place that I can take you girl!  
We could do what you wanna,  
I'm gonna show you the world!  
You could be my favorite girl!

Open your eyes and you'll know that tonight  
...my type!  
I would go in for my love in the world,  
Cause I wanna be yours!

Baby you would never hunger for a day,  
I would give everything that's in your dreams,  
That's in your dreams!  
You couldn't imagine,  
All the nights are filled with passion  
Oh, you could be my favorite girl!  
My favorite girl, my favorite girl!  
Favorite girl!  
Just name a place that I can take you girl!  
We could do what you wanna,  
I'm gonna show you the world!  
You could be my favorite girl!
