

Fly Boy

Rico Love

Fly boys never fall in love with the new girls
Baby that's why I'm so lonely
They never run away but they misunderstood girls
They only see me as the homie

I feel so, so good
Everytime you stands here
I just hope to made me see you in my dreams

Baby if I have wings
I better lay on my jeans, I would
Feel that fly boy
A human fall in love with me
I would give anything, just to
Feel that fly boy

See me girl once I
Fly boy, fly boy
Fly boy, fly boy
See me girl once I
Fly boy, fly boy
Fly boy
Turn the lights on

Fly boy I was gotta make me crazy
See he's smiling I just lose it
Fly boy wanna make you my baby
It's my number you should use it

I feel so, so good
Everytime you stands here
I just hope to made me see you in my dreams

Baby if I have wings
I better lay on my jeans, I would
Feel that fly boy
A human fall in love with me
I would give anything, just to
Feel that fly boy

See me girl once I
Fly boy, fly boy
Fly boy, fly boy
See me girl once I
Fly boy, fly boy
Fly boy
Turn the lights on

I picture myself holding hand
Right before we take off
And it's like we were in floating
Oh way outta this world with mind if we never land here

Baby if I have wings
I better lay on my jeans, I would
Feel that fly boy
A human fall in love with me

I would give anything, just to
Feel that fly boy

See me girl once I
Fly boy, fly boy
Fly boy, fly boy
See me girl once I
Fly boy, fly boy
Fly boy
Turn the lights on
