

Get Out

Rico Love

Yeahh,
This used to be a house until the wall came tumbling down,
Now what we going to do now?
With both our feelings hurt and words keep blurting out
And somehow we found a way to turn love into hate
You can hear the bell ring for the final round
It's going down...
This ain't love
This ain't human
This ain't real so what the fuck is we doing,
This ain't life, there's much more to it
This whole situation is ruined,
Trapped in and we can't get out, we can't get out, we can't get
out,
Trapped in and we can't get out, we can't get out, we can't get
out
I used to have a heart, But now there's a hole inside my chest
Because where so far apart... Yeahhh
It's like we ain't the same people, I don't even see you the sa
me Baybayy
And how we turn kissing into fighting, I don't know!
And we got not umbrella for the rain
Yeahhhhhhhh
This ain't love
This ain't human
This ain't real so what the fuck is we doing,
This ain't life, there's much more to it
This whole situation is ruined,
Trapped in and we can't get out, we can't get out, we can't get
out,
Trapped in and we can't get out, we can't get out, we can't get
out
