

Last Time

Rico Love

She packed all her bags this morning
Caught the first flight to LA
None of my words could keep her
Nothing could make her stay
Blew out all the candles
There's no flame to light my darkest day
I know I deserve this torture
I know I deserve this pain
(Woahh)

I know I'm gunna lose you this time (Woah)
But I don't know how to get through this life
Without you with me
Goodbye would rather kill me (Woah)
I know I'm gunna lose you this time (Woah)
Cause I told you to many lies
And no I'm guilty (I'm guilty)
I lost your love
Now I'm losing my mind
Woah, woah, woah
I'm gunna lose you this time

Kiss on the face a simple goodbye
Was all she left me with
Didn't have the nerve to stop her
After all the wrong I did
There's no fairytale didn't think the story
Would end up like this
I left the girl I love heart broken
And it's way to hard to fix
(Oh baby)

I know I'm gunna lose you this time (Woah)
But I don't know how to get through this life
Without you with me (Ohh)
Goodbye would rather kill me (it's gunna kill me baby)
I know I'm gunna lose you this time (Woah)
Cause I told you to many lies
And no I'm guilty (I'm guilty)
I lost your love
Now I'm losing my mind
Woah, woah, woah
I know I'm gunna lose you this time

(Turn the lights off)
I know I'm gunna lose you this time
That's why I ain't putting up a fight
Cause I know your right baby
But baby I know I'm a lose my mind
I never should of left your love behind
(Woah)

I know I'm gunna lose you this time (Woah)
But I don't know how to get through this life
Without you with me (Ohh)
Goodbye would rather kill me
I know I'm gunna lose you this time (Woah)

Cause I told you to many lies
And now I'm guilty (I'm guilty)
I lost your love
Now I'm losing my mind
Woah

I know I'm gunna lose you this time
But I don't know how to get through this life
Without you with me
Goodbye would rather kill me
I know I'm gunna lose you this time
Cause I told you to many lies
And no I'm guilty (I'm guilty)
I lost your love
Now I'm losing my mind
Woah, woah, I know I'm gunna lose you this time
