

# Long Way Home

Rico Love

I spend all my nights waiting for your call  
It feels like don'cha?  
Pictures of us hanging on my wall, I can't take them down  
It's like our thoughts are pieces of heaven  
And wind just keeping blew them away  
Never seize that day I've been waiting you to come back to me

I don't care if you jump through the clouds, swim through the oceans  
Run through the valleys as long as you get here  
Cause I need you now, I can't take it when you're gone  
But don't take the long way home, don't take the long way home  
Don't take the long way home

I swear sometimes I can see your face  
Just for a second  
Waited so too long for your want me ways  
Get here somehow, yeah  
I feel like our thoughts were pieces of heaven  
And wind just came and blew them away  
Never seize that day I've been waiting you to come back to me

I don't care if you jump through the clouds, swim through the oceans  
Run through the valleys as long as you get here  
Cause I need you now, I can't take it when you're gone  
But don't take the long way home, don't take the long way home  
Don't take the long way home

Can you hear me calling, calling, baby I need you  
Can you hear me calling, calling, baby I need you  
I don't care if you jump through the clouds, swim through the oceans  
Run through the valleys as long as you get here  
Cause I need you now, I can't take it when you're gone  
But don't take the long way home, don't take the long way home  
Don't take the long way home.
