Ho, ho, ho
Turn the lights on!
Ho, ho, ho
Turns the lights on!

He took her out on a date
So I guess he's moving on
They went to our favourite place
She danced to my favourite song
But when he looks in her eyes
I know that he misses me
I got them trapped with my mime?
And I'll never let them near?

Trapped up in the wrap sure you and I know I got them quarter Took it simply you but I know he misses my wallet
Shawty is a ten but what he needs is a quarter and
I'm a quarter so yes I got them caught up baby
He belongs, he belongs, shawty your boyfriend belongs to me
He belongs, he belongs, he, he belongs to me
Shawty is a ten but what he needs is a quarter and
I'm a quarter so yes I got them caught up baby

When he stares off into space You're wondering what he thinks He's picturing my face Blowing him kisses and winks So it comes this no surprise That you're no longer with her But if I look in his eyes You'll be so out of there

Trapped up in the wrap sure you and I know I got them quarter Took it simply you but I know he misses my wallet
Shawty is a ten but what he needs is a quarter and
I'm a quarter so yes I got them caught up baby
He belongs, he belongs, shawty your boyfriend belongs to me
He belongs, he belongs, he, he belongs to me
Shawty is a ten but what he needs is a quarter and
I'm a quarter so yes I got them caught up baby

Mirror, mirror on the wall
Who's the hottest of them all
Yes you've got a lot of pros?
He won't need them If I call
So you got them diamond rings
Gucci purses, Prada bags
He bought u a lot of things
But I'm the best he's ever had
Baby I ain't even?
Tripping cause he leaving
You out of zone as I call him up
And give him a reason
Shawty is a ten but what he needs is a quarter and
I'm a quarter so yes I got them caught up baby

Trapped up in the wrap sure you and I know I got them quarter

Took it simply you but I know he misses my wallet
Shawty is a ten but what he needs is a quarter and
I'm a quarter so yes I got them caught up baby
He belongs, he belongs, shawty your boyfriend belongs to me
He belongs, he belongs, he, he belongs to me
Shawty is a ten but what he needs is a quarter and
I'm a quarter so yes I got them caught up baby

Shawty your boyfriend belongs to me He belongs, he belongs, he, he belongs to me Shawty is a ten but what he needs is a quarter and I'm a quarter so yes I got them caught up baby
