

Wanna Hear U Say

Rico Love

Kissing on every part of the body, you kissing on every part of my mind, mind

Yeah, turn the lights off

Tell me what I wanna hear, baby I've been waiting for along time

You only make it crystal clear, yeah, yeah

Cause you know girl it's never the wrong time

To say how much you get from touching me

Cause it's way more than physical

Tell me all the reasons that you lose control

Tell me now, now, now

Wanna hear, wanna hear, wanna hear you say, you want it

Wanna hear, wanna hear, wanna hear you say, yeah, yeah

You need it girl

Wanna hear, wanna hear, wanna hear you say

You're so in love tonight

Wanna hear you say, wanna hear you say, wanna hear you say, yeah

Tell me that nobody else can never ever ever get what's mine girl

Cause I'm a keep it to myself, yeah, yeah

That's why I wanna hear it every time girl

Just say how much you get from touching me

Cause it's way more than physical

So tell me all the things that make me lose control

Tell me now, now, now, now, now, now

Wanna hear, wanna hear, wanna hear you say, you want it

Wanna hear, wanna hear, wanna hear you say, yeah, yeah

You need it girl

Wanna hear, wanna hear, wanna hear you say

You're so in love tonight

Turn the lights off

Wanna hear you say, wanna hear you say, wanna hear you say, yeah
