

Wanna Know

Rico Love

Now I can tell there's something different
The clothes ain't washed, the food ain't cooked
Dirty pots up in the kitchen
You got me under suspicion
There's a thief up in my temple
Cause you comin home so late at night
Girl it ain't coincidental
This is messin with my mental

Now I can look in your eyes and tell that you're lyin
Don't cry I don't wanna hear no cryin
I can't believe that you can say that shit to my face
And if you tell me the truth then we might get through this
I don't really wanna have to do this
Cut that down girl I don't wanna hear no music

I just wanna know
If you've been with him then tell me
I won't raise the bar and help me
Before I do something foolish
I just wanna know
If you cheatin I'm cool with it
I'll just pack up and move my shit
Because I got some demons myself
I just wanna know

I know what goes around comes around
And Lord knows I've done my fair share in this
(I just wanna know)
But now the tables are reversed
I'm on the receiving end
And it's your turn to confess

And I can see you getting nervous
Sweat drippin down your forehead
So go ahead tell me what's the purpose
I really hope that it was worth it
After we was picture perfect
Taking trips overseas
Speadin my cheese
There's a million other girls
Who wish they could be with me
Please

Now I can look in your eyes and tell that you're lyin
Don't cry I don't wanna hear no cryin
I can't believe that you can say that shit to my face
And if you tell me the truth then we might get through this
I don't really wanna have to do this
Cut that down girl I don't wanna hear no music

I just wanna know
If you've been with him then tell me
I won't raise the bar and help me
Before I do something foolish
I just wanna know
If you cheatin I'm cool with it

I'll just pack up and move my shit
Because I got some demons myself
I just wanna know

It's gonna hurt for me to leave ya
But if that's what I gotta do
You need to let me know
(I just wanna know)
And as much as you love me
If you don't wanna be faithful
Then you need to let me go

I figure that was your best kept secret
Now I can't believe it
And now I gotta leave you alone
So where the hell you been sleepin
Cause I know you been creepin
Baby I'm good on my own

I just wanna know
If you've been with him then tell me
I won't raise the bar and help me
Before I do something foolish
I just wanna know
If you cheatin I'm cool with it
I'll just pack up and move my shit
Because I got some demons myself
I just wanna know

I wanna know
I wanna know
I wanna- I wanna

I just wanna know

I wanna know
I wanna know
I wanna- I wanna

I just wanna know
