

You So Lamé

Rico Love

We're all watching the game with your friends like every night
I guess they were more fun than we are
Isn't it kinda strange? that u always start a fight
Maybe that's your excuse to leave 'cause
Everything's changed, things are now clear
Messing with my brain, u don't hug me
You're to blame 'cause u don't love me finally I see that

You're so lame
Can't believe that I ever fell in love with you (you're so lame
)
Damn I was so stupid
You're so lame
How would I let u play me like a fool?
You're so...

How would I let u play me like a fool (let you play me up like
a fool)
