

A little bit of love

Ricochet

I knew she was trouble when she asked me to dance
And two songs later things got out of hand
Well, she gave me a ride in her brand new car
Going ninety miles an hour underneath the stars
And we went too far

By the time we pulled over on that old dirt road
We were fogging up the windows and out of control

I thought I had a heart that could never be tamed
A little bit of love is a dangerous thing
But one small kiss can go a long, long way
You gotta be careful when you play this game
A little bit of love is a dangerous thing

We made wild promises in the dark
Then we filled up the tank at the Quickie Mart
Now, you can call us crazy or call it fate
But we were headed for Vegas on the Interstate
We just couldn't wait

We found a little chapel called The Burning Love
'Cause something 'bout that girl had me all shook up

I thought I had a heart that could never be tamed
A little bit of love is a dangerous thing
But one small kiss can go a long, long way
You gotta be careful when you play this game
A little bit of love is a dangerous thing

The preacher looked like Elvis and he started to sing
As he reached in his pocket for a pawnshop ring

He said, "Congratulations boy now, it's all arranged"
A little bit of love is a dangerous thing
But one small kiss can go a long, long way
A little bit of love is a dangerous thing

You gotta be careful when you play this game
A little bit of love is a dangerous thing
A little bit of love is a dangerous thing
