

# I Can't Dance

Ricochet

She don't have to fake it  
That girl was born to shake it  
Stompin' on the hardwood floor  
Like she's gonna break it  
She's the main attraction  
How can I get in on the action  
Well there's only one way to get next to her  
I can't dance, but I'm willin' to learn

I'm a roper and rider  
I'm a lover and a fighter  
I'm a mud-slingin' son-of-a-gun  
And a 4-wheel driver  
But tonight I'm confessin'  
I might need her to give me a lesson  
Say baby can you teach these old boots to burn  
I can't dance, but I'm willin' to learn

I can't dance, but I'm willin' to learn  
Takin' my number and waitin' my turn  
Cowboy's comin' from miles around  
Just to be her partner when the two-step comes around

Honey, please won't you show me  
I might fall, baby, you'd better hold me  
Yeah, bein' out here takes a lotta nerve  
I can't dance, but I'm willin' to learn

I can't dance, but I'm willin' to learn  
Takin' my number and waitin' my turn  
Cowboy's comin' from miles around  
Just to be her partner when the two-step comes around

It might take me forever  
But I'll follow you 'til I get better  
We can go all night as far as I'm concerned  
I can't dance, but I'm willin' to learn  
Baby can you teach these old boots to burn  
I can't, I can't, I can't dance, but I'm willin' to learn  
I can't dance, but I'm willin' to learn  
I can't dance, but I'm willin' to learn
