## I Can't Dance

She don't have to fake it That girl was born to shake it Stompin' on the hardwood floor Like she's gonna break it She's the main attraction How can I get in on the action Well there's only one way to get next to her I can't dance, but I'm willin' to learn

I'm a roper and rider
I'm a lover and a fighter
I'm a mud-slingin' son-of-a-gun
And a 4-wheel driver
But tonight I'm confessin'
I might need her to give me a lesson
Say baby can you teach these old boots to burn
I can't dance, but I'm willin' to learn

I can't dance, but I'm willin' to learn Takin' my number and waitin' my turn Cowboy's comin' from miles around Just to be her partner when the two-step comes around

Honey, please won't you show me I might fall, baby, you'd better hold me Yeah, bein' out here takes a lotta nerve I can't dance, but I'm willin' to learn

I can't dance, but I'm willin' to learn Takin' my number and waitin' my turn Cowboy's comin' from miles around Just to be her partner when the two-step comes around

It might take me forever But I'll follow you 'til I get better We can go all night as far as I'm concerned I can't dance, but I'm willin' to learn Baby can you teach these old boots to burn I can't, I can't, I can't dance, but I'm willin' to learn I can't dance, but I'm willin' to learn I can't dance, but I'm willin' to learn
