

Promise You Anything

Riddlin' Kids

Girl... I met you before
I... I always wanted it to be more than this
I've got to ask you this time
So... lets go... It's only natural now

Oh, my girl, I promise you anything
If we could just make it
If we could just Oh Oh
I promise you girl
That I won't tell anyone
I know we're just friends
But we should just Oh Oh
If we could just make it

I told you my sign
Would it help if I said it's my first time?
I'm lying... So let's get down to business
So... let's go... It's only natural now
Its only natural now.

Tell me everything you'd like
Anything you wanna say
I'll forget it anyway
