

# Close My Eyes

Ride

Last night I had such a good time  
But there's a price to pay  
A night full of kicks, now the sun's in my eyes  
And I feel so weary today

I want to close my eyes  
I want to close my eyes  
I want to ride and ride and ride  
'Til I'm nowhere

Make your body a blanket  
Let me rest my head  
The world can wait for just a few minutes more  
They might as well be dead

I want to close my eyes  
I want to close my eyes  
I want to ride and ride and ride  
'Til I'm nowhere  
'Til I'm nowhere  
'Til I'm nowhere  
'Til I'm nowhere  
'Til I'm nowhere  
'Til I'm nowhere  
'Til I'm nowhere  
'Til I'm nowhere  
'Til I'm nowhere

I want to close my eyes  
I want to close my eyes  
I want to close my eyes
