

Don't Let It Die

Ride

Do you wanna change
Or do you wanna stay the same
You got me running rings around the night again
Do you wanna feel
Or do you wanna feel the same
Don't let them tell you, you'll never change the game

Something's going on, don't let it die
Something's going on, accept it don't deny
Something's going on, don't let it die
Something's going on

Do you wanna hide
Or let your spirit fly
Capture the moment, before it passes by
Do you wanna give
Do you wanna live
Deceive yourself or quietly admit

Do you wanna change
Or will it always stay the same
Don't let them tell you, you'll never change the game
