

Realize

I was looking at the other side,
With a bittersweet look on my face
Wondering who you'd be
Will you turn to me, and tell me a story or two?
And will I believe all these prophecies?
Will I be feeling good inside?
When I realize

I realize, I realize
You'll turn out to be
Just pure love to me
Ain't that true?

When I wasn't thinking anymore,
Moving out, moving out that door
Wondering what it's all for
When you turn to me, and you tell me a tale or two
And I'll be thinking about what's behind that veil

Will I be feeling good inside?
When I realize

I realized, I realized
You turned out to be
Just pure love to me
Ain't that true?
I realize, I realize

Amai kisetu
Sou demo nai kedo tomenaide
Otomegokoro
Kieru mae ni kizutsuite

I was caught unawares,
With a bittersweet look on my face
Wondering who you'd be
Will you turn out to be

Just what I thought?
Will I be feeling good inside?
When I realize

Feeling good inside...
