

## Break Away

Riff Raff

I break away  
I've seen torture through these eyes  
Now i'm focused in my mind, I break away  
Let me in, I break away  
Let me in, I break away  
I've seen torture through these eyes  
Now I'm focused in my mind, I break away

Now I'm here, so let me be  
Why do they hate so frequently  
This dream I have, paved in gold  
Minds adjust on a neon soul  
I keep it cool in depths of bay  
45 nights, I sip champagne  
Trust no one when switching lanes  
I make it rain, tornadoes, hurricanes

I break away  
I've seen torture through these eyes  
Now i'm focused in my mind, I break away  
Let me in, I break away  
Let me in, I break away  
I've seen torture through these eyes  
Now I'm focused in my mind, I break away
