

## Don't Wait

Riff Raff

Don't wait on me, you can't be up all night  
My life is never boring, don't sleep until the morning

Up early, I stay up late  
I make sure not to wake you  
3 A.M. and the wolves arrive  
Full moon, I start to howl  
Hungry now, stomach growl  
Nocturnal, sleeping owls (yes)  
Used to love, go the extra mile  
Now it's 5 A.M., still on the prowl  
James Bond with the shadow face  
Exchanging dreams in the sunset  
Move the heart, play for keeps  
30 virgins in the Bentley Jeeps (yes)  
In the Bentley Jeeps, 30 virgins in the Bentley Jeeps (ay)  
And the heart's not cheap; give it away, I wear it on my sleeve

Don't wait on me, you can't be up all night  
My life is never boring, don't sleep until the morning
