

# Only I Can Cure Your Broken Heart

Riff Raff

(2x):

Only I can cure your broken heart  
Only I can cure your broken heart  
Only I can cure your broken heart  
Only I can cure your broken heart...

I'm wakin' up, she's shaken up  
It doesn't look like we'll be making up  
Shadows crossed in the distant pipe  
I'm not really like these other guys  
Your heart is mine, my soul is gold  
They call me the Neon One  
French tips, glowing eyes  
They've labeled me the Golden Child  
Don't limit me, I'm limitless  
Diamonds on my neck, diamonds on my kiss  
I really hate to be quaint, questions on my Anne Frank  
My Anne Frank, questions on my Anne Frank  
Like the other guys, diamonds on my neck  
Diamonds on my kiss, my kiss

(4x):

Only I can cure your broken heart  
Only I can cure your broken heart  
Only I can cure your broken heart  
Only I can cure your broken heart...
