

# Working Everyday

Riff Raff

Working everyday, ain't nothing for free  
Working everyday, ain't nothing for free  
Land of the free, talking home of the brave  
Yeah will you ball, will you ball with me?  
Working everyday, ain't nothing for free  
Working everyday, ain't nothing for free  
Land of the free, talking home of the brave  
Yeah will you ball, will you ball with me?

Land of the free, talking home of the brave  
Versace on my chest when I hit center stage  
Never been happy, been living in a rage  
Smile on my face but my heart in a different place  
Replaced with some ice, cold on my soul  
Life unfolds, got a soul full of gold  
Love in my heart so I bought Jody  
Jody needed a brother so I copped Cody  
Cody is my son, Jody is the one  
Work everyday, got me living on the run

Working everyday, ain't nothing for free  
Working everyday, ain't nothing for free  
Land of the free, talking home of the brave  
Yeah will you ball, will you ball with me?  
Working everyday, ain't nothing for free  
Working everyday, ain't nothing for free  
Land of the free, talking home of the brave  
Yeah will you ball, will you ball with me?

Working everyday til my back start hurting  
Flexing everyday like RiFF RAFF said  
I don't give a fuck about no bitch hating  
Say they talking down but they won't come around  
Everybody know I got love for Texas  
Everybody know I'm coming down in Lexus  
How many days cry these tears  
If I work hard, I'ma conquer my fears  
I'ma keep it real like BasedGod here  
In a mini mansion, sleepin in the Hamptons  
Bitches pay me cause I'm good at rapping  
I know Lil B so I know what's gon' happen

Working everyday, ain't nothing for free  
Working everyday, ain't nothing for free  
Land of the free, talking home of the brave  
Yeah will you ball, will you ball with me?  
Working everyday, ain't nothing for free  
Working everyday, ain't nothing for free  
Land of the free, talking home of the brave  
Yeah will you ball, will you ball with me?
