

Living On A Dream

Right Said Fred

Living on a dream
Sometimes

Make my day with a single touch
Make me stay, don't give up
I've no control when it comes to you
Make my day baby won't you
A single touch is all I need
Don't give up baby don't retreat
I've no defense when it comes to you
make my day baby won't you

I'm living on a dream
Or so it seems
Sometimes
Living on a dream
No milk, just cream
Sometimes bells chime

T-t-t-toe to toe

Cheek to cheek
You get close
And I get weak
Don't shoot me down with your baby blues
Make my day darling won't you
Your baby blues call my name
You won't hear my heart complain
Hang with me and we'll do the do
Make my day baby won't you

(2x):
I'm living on a dream
Or so it seems
Sometimes
Living on a dream
No milk, just cream
Sometimes bells chime

Living on a dream
Sometimes

(2x):
I'm living on a dream
Or so it seems
Sometimes
Living on a dream
No milk, just cream
Sometimes bells chime

Living on a dream ...
