

Night Night

Right Said Fred

Night, night my darling
My darling night, night

Sleep time my darling
My darling sleep time

One a million miles a way from you
One else mile from brose to do, but say

Night, night my darling
My darling night, night

Sweet dreams my angels
My angels night, night

I came from night
You count the sheep
I'm counting on the sandman
To bring your sleep

Night, night my darling
My darling night, night

Night, night my darling
My darling night, night

Da, da, da, Da, da, da,
Da, da, da, Da, da, da,
Da, da, da, Da, da, da,
