

## Something In Your Eyes

Right Said Fred

Never thought I could wait so long Never thought I could be somebody so strong  
No need for persuasion On this occasion You got a hand, you know how to play it  
You got a thought and you know how to say it

'Cause there's somethin' in your eyes That does me so much good  
Somethin' in your eyes And it's in my neighbourhood Well it can be hard to find  
But when you find it ain't it good Oh I'm in paradise And I pity any paradise that don't have you

So pretty, so mine, so right here I never thought a love so rare could come so near  
I ain't scared of believin' I don't care if I'm dreamin' I got a chance I know I can take it  
I've got a heart and I know you can break it

'Cause there's somethin' in your eyes That does me so much good  
Somethin' in your eyes And it's in my neighbourhood Well it can be hard to find  
But when you find it ain't it good Oh I'm in paradise And I pity any paradise that don't have you

'Cause there's somethin' in your eyes That does me so much good  
Somethin' in your eyes And it's in my neighbourhood Well it can be hard to find  
But when you find it ain't it good Oh I'm in paradise And I pity any paradise that don't have you
