

# Despair

Rigor Sardonicus

Living in Torment  
Praying for the End  
An end to the Agony  
Cannot stand the Pain

Time is running out  
Life is near the end  
Yesterday's beyond my reach  
Tomorrow Awaits my Death  
Existence without reason  
Disdain for all that's alive  
Remembering the days of laughter  
Realizing it was a Lie

Don't dwell in the past  
Look to the Future  
For the solution  
That has to come

Nothing makes sense anymore  
Living in complete confusion  
Death is the only Constant  
And the only solution  
I'm losing faith in all I know  
Nothing to ease the suffering  
Only hope is Death's forgiveness  
To guide me from Despair

Blood on my hands  
Flowing from my veins  
Death fills my last hours  
Awaiting the Final Gift

Eternal Suffering  
Crying out in Death  
Condemned existence  
At the Revelation of Death  
Terror from the Grave  
Never again to rise  
Eternity of Darkness  
Forever to fill my eyes

Misery of life  
Grows nearer to Death  
Never again to feel the Pain  
Of life's Hatred...
