

Taken from Mortal Sin, Underrealm lives again  
Reposing form, life of End, open to couch viewed again  
Weep away, sobbing cry, Turn away and wonder why  
Course of pain drives insane, heart of Blood drains again

Furnished for Beyond  
Life has drained away  
Cold and hard Despair  
Of the lives that were paired

Sealed to Rest in thy comfort selected chest  
Protected form everlasting, Sentiment of Stone  
Lie in bed, dear Body, dysfunctioned form of human life  
Earthen concrete Palace is thy Eternal board of peace

Lowered down in the Ground, Sealed away, numbing sound  
Shrieking pain seen again, Underrealm reigns supreme  
Reared Sombre, Stiffened breath, restore life on again  
Lavish Death, Mortal Sin, reign of Underrealm again
