

# Half Of Me

Rihanna

You saw me on the television, setting fire to all the buildings  
Yeah I guess you saw me stealing, but you've no idea what I've  
been needin'

Talk about when we were children, not the kind of kid that you  
believe in

You saw me on the television, saw me on the television  
But that's just the half of it, yeah you saw the half of it  
This is the life I live, and that's just the half of it.

Saw me on the television, hanging out my dirty linen  
You're entitled to your own opinion  
Sit and shake your head at my decision  
I guess the kind of songs that I've been singing  
Make it seem as if I'm always winning  
But you saw me on a television  
Yeah you saw me on a television

But that's just the half of it  
You saw the half of it  
This is the life I live  
And that's just the half of it

Oh you know me I'm the life of the party  
Beautiful people surround me  
Everybody falling in love  
Oh you know me, everybody knows that I'm crazy  
Sticks and stones they never break me  
And I'm the type that don't give a fuck

And that's just the half of it  
You saw the half of it  
Yeah this is the life I live  
And that's just the half of it

Yeah you saw the half of it  
And this is the life I live  
You saw the half of it  
Only the half of it  
Eh, oh, no

You saw me on the television.  
Saw me on the television.
