

# Loveeeeeee Song

Rihanna

Ain't nothin' wrong with it...

I don't wanna give you the wrong impression  
I need love and affection  
And I hope I'm not sounding too desperate  
I need love and affection  
Love, love, love, love and affection  
Love, love, l.o.v.eeeeeee and affection

Oh baby, I'm not asking for the world, maybe  
You can give me what I want  
Baby, come hold me tight and when I'm drowning save me  
Give it to me on a daily

If I'm your girl say my name boy  
Let me know I'm in control  
We both grown so how we feel we can let it show  
I I I, won't play around  
I I I, I wanna lay you down  
I I I, I need you now, I need you now  
Oh oh

I don't wanna give you the wrong impression  
I need love and affection  
And I hope I'm not sounding too desperate  
I need love and affection  
Love, love, love, love and affection  
Love, love, l.o.v.eeeeeee and affection

Boy lately, you've been stingy with your time  
Got me wondering, I'm wondering if I'm on your mind  
Boy I just wanna be in your possession  
You say I'm the one you want so come express it

Don't slip, don't slip  
Cause a nigga might push upon it  
Don't really wanna lose this moment  
Why window shop when you own this?  
I I I don't put it down  
I I I don't fuck around  
I I I want you now, I want you now, oh

I don't wanna give you the wrong impression  
I need love and affection  
And I hope I'm not sounding too desperate  
I need love and affection  
Love, love, love, love and affection  
Love, love, l.o.v.eeeeeee and affection

Can you love me for poor (let me know)?  
I'm searching for my soul  
Whoever turned you cold (beat this)  
You need to let 'em know  
I can work miracles (what's up?)  
I work it physical (physical)  
And when I love you close,  
You can feel my heart beating from my clothes

Future...

I don't wanna give you the wrong impression  
I need love and affection  
And I hope I'm not sounding too desperate  
I need love and affection  
Love, love, love, love and affection  
Love, love, l.o.v.eeeeeee and affection
