

# Music Of The Sun

Rihanna

Oh, Oh, Oh, Oh, Oh Oh,  
Oh, Oh, Oh, Oh yeah  
Listen, closely hear the music playing  
Let it take you to places far away and  
Relax your senses just do what you want to do  
No need for questions  
It's only for you  
And it's so amazing  
Oh how you can't escape it  
The moon it takes you  
And never let's you go

Can't you feel the music in the air  
Close your eyes let the rhythm take you there  
Doesn't matter who you are or where you're from  
Come and dance to the music of the sun  
Forget about your troubles it's alright  
Let them go till we see the morning light  
Feel the beat as our bodies move as one  
Come and dance to the music of the sun (the sun)  
Come and dance to the music of the sun the sun (the sun yeah)

So real  
So right  
Can't explain the feeling  
Like the sunlight brings the life you needin  
No need for stress, (no need for stress)  
Let go another day  
No second guessing  
Just trust me when I say  
And it's so amazing  
On how you can't escape it  
the moment takes you it never lets you Go!

Can't you feel the music in the air  
Close your eyes let the rhythm take you there (let the rythm take you there)  
Doesn't matter who you are or where you're from  
Come and dance to the music of the sun (music of the sun)  
Forget about your troubles it's alright  
Let them go till we see the morning light (see the morning light)  
Feel the beat as our bodies move as one  
Come and dance to the music of the sun (come and dance with the music of the sun)  
Come and dance to the music of the sun the sun (of the sun yeah)

And it's so amazing  
Oh how you cant escape it  
The moment takes you  
And never let's you goooooo

Can't you feel the music in the air  
Close your eyes let the rhythm take you there (let the rythm take you there)  
Doesn't matter who you are or where you're from  
Come and dance to the music of the sun  
Forget about your troubles it's alright (it's alright, it's alright)  
Let them go till we see the morning light  
Feel the beat as our bodies move as one

Come and dance to the music of the sun (come and dance with the music of the sun)

Come and dance to the music of the sun the sun

Let it take you far

Come and dance to the music of the sun

It'll take you far away

Cant you feel the music in the air

Close your eyes let the rhythm take you there

Doesn't matter who you are or where you're from
