

# Selfish Girl

Rihanna

[Verse 1]

Baby boy what you done to me  
I saw you smiling suddenly  
I can't get you out my mind  
I got it bad boy I can't lie  
I want your time and your full attention  
I wanna to talk to you and not to mention good love that you give to me  
I think about it constantly no I won't apologize for feeling like I do it's just the simple facts of life I'm crazy over you

[Chorus]

I'm a selfish girl when it comes to you every minute of the day  
I'm addicted to what your giving me boy  
it's killing me when it comes to love I'm not trying share you  
might think I'm greedy but I just don't care  
I need you in my world cause I'm a selfish girl

[Verse 2]

I understand that you got your crew but I've got something in mind for you  
make you lose all track of time guaranteed to blow your mind  
I don't care what anybody got to say maybe they never had it quite this way  
let them talk and criticize they all need to recognize They might see I'm a bit extreme to need you  
night and day but what I feel can't be concealed there ain't no other way

[Chorus]

I'm a selfish girl when it comes to you every minute of the day  
I'm addicted to what your giving me boy  
it's killing me when it comes to love I'm not trying share you  
might think I'm greedy but I just don't care  
I need you in my world cause I'm a selfish girl

[Bridge]

Boy you got me tripping  
I didn't know what I was missing  
This is crazy (crazy)  
So amazing (so amazing)  
I didn't mean to be demanding but I hope your understanding  
I'm not playing boy (I'm not playing boy)  
I'm just saying boy  
They might see I'm a bit extreme to need you night and day but  
what I feel can't be concealed there ain't no other way
