

Always

Rilo Kiley

(1, 2, 3, 4)

I should have known
With a boy like you
Your middle name is 'Always'
I'd always love you
Ahhh, yeah

You let the needle drop
I think that you
Could do so much better
Those conventions are
Taking their toll on you

A phantom is disguised
It's horrifying
Right before your eyes
Phantom is inside

I should have known
With a boy like you
Your middle name is 'Always'
I'd always want you
Ahhh, yeah

A phantom is disguised
It's horrifying
Right before your eyes
The phantom is inside
It's hideous
Right before your eyes
The phantom is watching you
The phantom is watching you, you
