

# Always

Rilo Kiley

(1, 2, 3, 4)

I should have known  
With a boy like you  
Your middle name is 'Always'  
I'd always love you  
Ahhh, yeah

You let the needle drop  
I think that you  
Could do so much better  
Those conventions are  
Taking their toll on you

A phantom is disguised  
It's horrifying  
Right before your eyes  
Phantom is inside

I should have known  
With a boy like you  
Your middle name is 'Always'  
I'd always want you  
Ahhh, yeah

A phantom is disguised  
It's horrifying  
Right before your eyes  
The phantom is inside  
It's hideous  
Right before your eyes  
The phantom is watching you  
The phantom is watching you, you
