

# I Never

Rilo Kiley

I'm only a woman of flesh and bone  
And i wept much, we all do.  
I thought i might die alone  
But i had  
Never, never, never,  
Never, never, never,  
Never, never, never,  
Never, never met you.  
So baby be good to me.  
I got nothing to give you, you see  
Except  
Everything, everything,  
Everything, everything,  
All the good and the bad,  
'Cause i've been bad.  
I've lied, cheated, stolen and been ungrateful for what i have  
And i'm afraid habits rule my waking life.  
I'm scared and i'm runnin' in my sleep  
For you but all the oceans, and rivers and showers  
Will wash it all away and make me clean  
For you  
'Cause i have  
Never, never, never,  
Never, never, never,  
Never, never, never,  
Never, never, met you.

So lets take a loan out, put it down on a house  
In a place we've never lived.  
In a place that exists in the pages of scripts  
And the songs that they sing  
And all of the beautiful things  
That make you weep, but don't have to make you weak

'Cause i've  
Never, never, never, never,  
Never, never, never, never,  
Never, never, never, never,  
Never, never, never, never,  
Never, never, never, never,  
Never, never, never, never,  
Never, never, never, never  
Loved somebody the way  
That i loved you
