

## It Just Is

Rilo Kiley

Today's the day I realized  
That I could be loved  
It echoed through the park last night  
He wasn't our son  
He belonged to everyone

And this loss isn't good enough for sorrow or inspiration  
It's such a loss for the good guys  
Afraid of this life  
That it just is  
'Cause everybody dies

This loss isn't good enough for sorrow or inspiration  
It's such a loss for the good guys  
Afraid of this life  
That it just is  
Everybody...

This loss isn't good enough for sorrow or inspiration  
It's such a loss for the good guys  
Afraid of this life  
That it just is  
'Cause everybody dies
