

## Rest of My Life

Rilo Kiley

There are worse ways for  
A guy to spend his time  
Than to sit and think of you  
I think I'd marry you  
Just your smile  
Leaves me satisfied  
Though you're not mine

So for the rest of my life  
I'm gonna search  
For someone just like you

And we tend the garden  
All day long  
Watching history unfold  
And I'd be enough  
And you'd be enough  
And we'd grow old

So for the rest of my life  
I'm gonna search  
For someone just like you

For the rest of my life  
I'm gonna search  
For someone just like you

Yeah, for the rest of my life  
I'm gonna search  
For someone just like you
